## Introduction

In many instances, it will be necessary to refer to city code provisions in order to determine when a fee, charge, rate, tax, etc. is to be imposed. The Fee Schedule generally includes a citation to the applicable city code provisions.

- i. tax rates (except as noted in section B of this Introduction);
- ii. utility and other public enterprise rates;
- iii. limits on fares, rates, and charges that may be charged by passenger vehicles for hire;
- iv. filing fees for candidates to municipal office; and
- v. other fees, charges, rates, taxes, etc. to be charged or imposed by the City.

- i. assessments under sections 77 - 81 of the charter or G. S. 160A-216 et seq., other than interest on assessments;
- ii. ad valorem property taxes;
- iii. most privilege license taxes (also called business taxes); however, the Fee Schedule generally includes privilege license taxes adopted pursuant to division 7 (Privilege License Taxes Not Related to or Restricted by State Law) of chapter 30 of the city code; also, the Fee Schedule includes fees (as contrasted with taxes) adopted pursuant to article V (Privilege License Taxes) of the city code;
- iv. charges specifically named “civil penalty” or “civil penalties”;
- v. charges for infractions or criminal violations, including misdemeanors; and
- vi. other charges not yet incorporated into the Fee Schedule. Only City Council action can authorize the repeal of City fees, charges, rates, taxes, etc., so the fact that a fee, charge, rate, tax, etc., does not appear in the Fee Schedule does not necessarily mean that it is not in effect.

“PR” in historical and source references indicates the “Parent Request” number in Onbase Client, the City’s agenda review computer program, where one can find relevant City Council agenda material.

If an “Under Construction” notice appears, consult the appropriate City department.

The rates, charges, fees, fares, taxes, and limits set out in this Fee Schedule shall apply.

(a) Imposition of interest for delinquent debt. The City Council of the City of Durham has found that it is in the public interest to impose late payment charges on certain delinquent and past-due general billing accounts because such charges may help ensure that the accounts are paid on time. A rate of interest of 8%

Resolution 9366 continues to apply with respect to permits issued on or after June 19, 2006 and before June 21, 2010. Resolution 9366 is hereby amended to provide that (i) fees paid on or before October 1, 2010 Page 55 of 80 may be reduced by 25%; and (ii) fees not paid on or before October 1, 2010 shall continue to be owed at 100% of the amount set in Resolution 9366.

### **E (City manager authorized to refund 25% of prior payments)**

Note: Ordinance 14021 labeled another fee as Part 13B-104, but because Part 13B-104 was taken (by ordinance 14011), the fee under Ordinance 14021 has been assigned Part 13B-111.

Note: In Subpart D, "Page 55 of 80" was apparently erroneously written in the ordinance.
